

MRS. DIEWALD'S Newsletter

It was an exciting week in Second Grade! We read many versions of the 12 Days of Christmas. We even wrote our own version of the 12 days and will bring our books home so we can sing it to our families. We also went caroling around school so others could enjoy our song. On Friday we had Christmas treats and enjoyed this special time of year. Thank you all for the many wonderful gifts you and your child gave me. I am blessed to have you and your child as my school family!

What will I learn next week.....

Religion: In Religion we will discuss Christmas. We learned that Christmas really does not start until Christmas day in the Church. We will talk all about our celebrations and learn more about how the Church celebrates.

Math: We will begin Chapter 6, Add Three Digit Numbers. This will be tricky as we remember to regroup and make sure we keep our place value. Remember to keep working on addition facts at home to make this process easier.

Reading: We will read two stories, "Click, Clack, Moo Cows That Type" and "Talk About Smart Animals." As we read we will work on our comprehension skills and how to predict and infer. There will also be new high frequency words to learn and we will discuss some new vocabulary words. Our Spelling words are base words with ending -s and -es.

English: We will learn about compound sentences. As we grow in writing we will need to add more complex sentences to our stories. This will help us to learn how. We will also start cursive handwriting. We are super excited!

Social Studies/Science: We will talk about the New Year and write some of our own New Year resolutions.

REMINDERS:

**I hope everyone enjoys the time off and has a
Very Merry Christmas and Blessings in the
New Year!**
