

MRS. DIEWALD'S Newsletter

We had another busy week in Second grade! We learned about Ordinary Time during the Church year, the Columbia Fire Department came for an assembly, we learned about story structure in Reading and arrays in Math.

What will I learn next week.....

Religion: We will begin Chapter 8, We Learn about God's Love. We will talk about the Bible and learn about the Old and New Testaments.

Math: We will begin Chapter 3, Add Two-Digit Numbers. We will learn how to take apart the tens and ones and start regrouping. Remember to keep practicing your facts. If we know our facts it will make regrouping much easier.

Reading/English: Next week we will review all of the material we have learned so far in our Reading series. This test will be testing our skills in grammar, spelling, reading and writing. There will NOT be a spelling test next week.

Social Studies/Science: In Science we will continue to talk about plants and animals. We will learn about their parts and where they can be found.

REMINDERS:

No School - Monday, October 14th
Have a great weekend!
